We all have been adapting to new technology & switching over to the blended mode of education process as well as to the new mode of admission. This year too, the admissions are being done online. Our Teachers are already in touch with their respective 2<sup>nd</sup> & 3<sup>rd</sup> year students through their whatsapp groups & will entertain their queries & keep them updated regarding the admission process. I would especially like to advise the 1st Year students who are on the threshold of a new phase of their lives that they should go through the prospectus carefully & thoroughly to acquaint themselves with the choices & subject combinations, eligibility conditions & other requirements at the time of filling online admission forms as well as mode of fee Payment. They should also explore their own selves and take stock of their interests, abilities & preferences & consult the teachers in case of any confusion before making certain choices.

In the end, I would like you all to keep in view our college motto “*लक्ष्य सिद्धि माप्नुयाम*”, set your goals & strive persistently to achieve them. I wish you all a great learning experience throughout your stay in college and a promising life ahead.

## **1. ABOUT THE COLLEGE**

Government College Banjar was established in the year 1999. Since then, the college has surpassed many challenges and has flourished as one of the most conspicuous examples of excellence. The college set amidst the meandering Tirthan River which cuts across the beautiful Tirthan Valley provides a calm and a serene ambience to the students to study. The college offers three streams – Humanities, Science and Commerce for the students. The strength of the college is increasing year after year with girls outnumbering boys and also excelling in academics- exhibiting a sign of women empowerment in Banjar Valley. Various grants provided by the government under RUSA and Utkrisht Mahavidyalaya Schemes have been utilized for the development the college. The college has strengthened its IT infrastructure by installing interactive panels, podiums, projectors etc. Thus, the students are encouraged to learn the use of Information and Communication technology in the Information Technology Laboratory, Smart Classrooms, Language Lab, Research Centre and Library. Smart classrooms have also been created to acquaint the students to the modern technology and make the learning process more enjoyable and comprehensible. Thus, modern technology has been made accessible to the students at their door step so that they are not marooned from the modern fast advancing world. The teachers with a visionary mindset are actively involved in making Government Utkrisht Mahavidyalaya Banjar the most coveted institute of Himachal Pradesh. The college library, a pivotal place, which nurtures young minds to excel and face the competitive world is being digitalized. It helps the students to access a large number of books, journals and other competitive material through N-list.
